

March 31, 2015

John Bacon
Grand Traverse Islands National Lakeshore Campaign

Dear John,

At its March 30, 2015 meeting, the Village Board of Trustees for the Village of Sister Bay directed me to write a letter of support for your campaign. The Trustees enjoyed your presentation and see many benefits for preservation of the natural order, economic development potential for nearby communities that would serve as jumping off points for visitors to the National Lakeshore, as well as, opportunities to restore historically significant structures located in the proposed Lakeshore for future generations.

They would envision a National Lakeshore in which no additional private lands were incorporated without the express consent and volition of the current and future owners. Provided this caveat is met, they wish to express their full support for your campaign and wish you the best of luck as you engage the interstate community in a dialog on its creation.

Please keep us apprised as to your progress and let us know if there are other ways that we may be of help in the future.

Best of luck,

Zeke Jackson
Village Administrator
